

## Be A Part From The START at VU

Getting acclimated to the campus and preparing to begin your classes and life as a VU Student is the focus of our New Student Orientation Program – *Be A Part From The START at VU.*

We hope to provide you with the tools to help you be successful as you travel through your time at VU. The best way to put yourself in the driver's seat at VU is to participate in scheduled information sessions and activities. The range of information that will be provided over the weekend will put you well on the road to success.

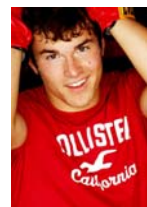

You will have opportunities to sign up to get involved in campus clubs and organizations, community service opportunities and much more at the Community Business Fair on Friday, August 21, and at the Club and Organization Fair on Thursday, September 10. Being involved is part of your complete education at VU so we encourage you to sign up and participate fully in a wide range of activities that will be offered throughout the year ahead.

As you check in to your residence hall or at commuter student check in on Friday, August 21 be sure to pick up packet which includes your *VU Survival Guide, Student Handbook..*
