

The Vincennes University Biology Club offers parents and families an opportunity to purchase readymade survival packs to send to their students for final exam week. It can be a great confidence boost to students to know that they have their family supporting them. A survival pack is a bag filled with both edible and non-edible items that will be delivered to your student to help relieve stress and allow them to perform better on final exams. There are two package options from which to choose. The \$20 package includes candy, Kool-Aid, Ramen Noodles, taffy, gum, Kleenex, chips, pencils, microwave popcorn, Pop Tarts, hot chocolate, cereal bars, and other great items. The \$30 package will contain more of the above mentioned plus a few other treats like bottled water with drink packets, cheese crackers, granola bars, highlighters and cookies! To order, please go to [vinu.edu/parents](http://vinu.edu/parents) and click on the Let Us Help link. By choosing the Biology Club link and printing the order form, you will not only be providing your student with a great "I'm thinking of you" package, but you will be helping to support the Biology Club. Please print and return the order form from the website along with payment. No orders will be accepted by telephone. The order form will accompany the package, so feel free to write a special message with your order. Please make sure the dormitory name and room number are on form. If you have any questions please call Mr. Andrew Corless (club sponsor) at 812-888-4253 or email him at [acorless@vinu.edu](mailto:acorless@vinu.edu). . **Please write dormitory name and room number on form.**

We accept cash or you can make **checks or money orders** payable to V.U. Biology Club and send to:
